

What does 'reputation' mean?

The definition of 'reputation' is hard to pin down and has varied from age to age and place to place. Let us know your understanding of the word here.

The definition of "reputation" is hard to pin down and has varied from age to age and place to place. Is it your public image, what companies call their brand? Is it as [Article 17](#) implies - closer to the old idea of honour? Or is it about the intrinsic, inalienable, equal [dignity](#) of each and every human being? What does "reputation" mean in your country?
